

Stereochemically defined compounds, part 4

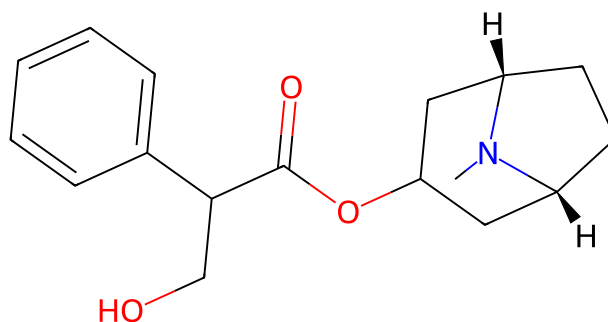

103 ascorbyl palmitate

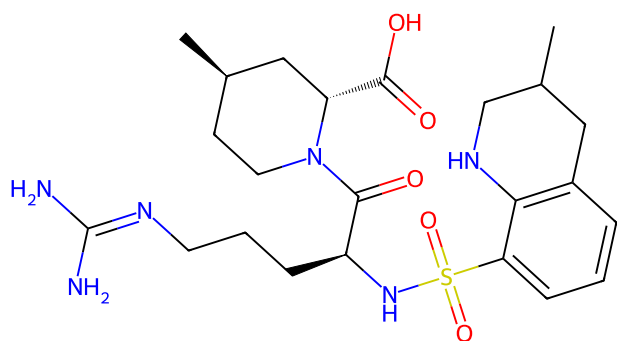

104 alpha tocopherol

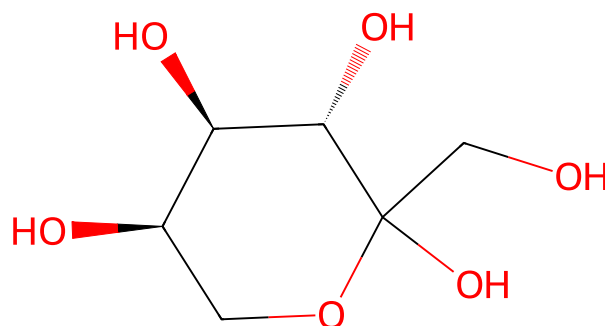

105 fosfomicin

106 atropine

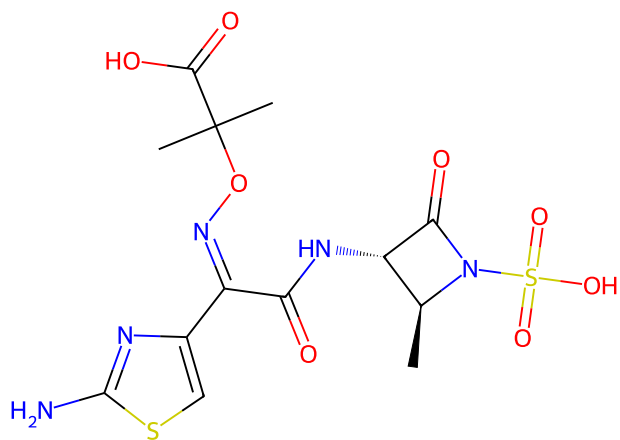

107 argatroban

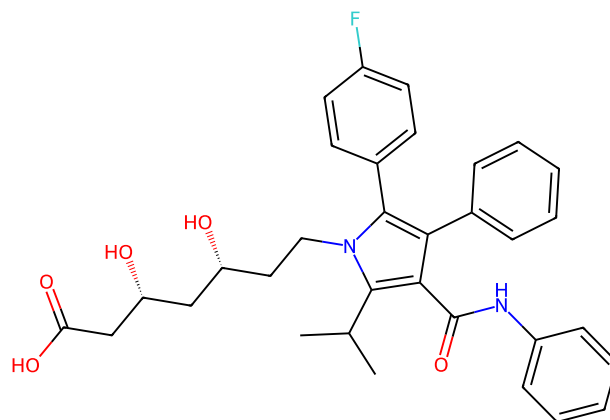

108 fructose

Figure 1. Stereochemically defined compounds, part 4 (6 per page, line width 2.0).

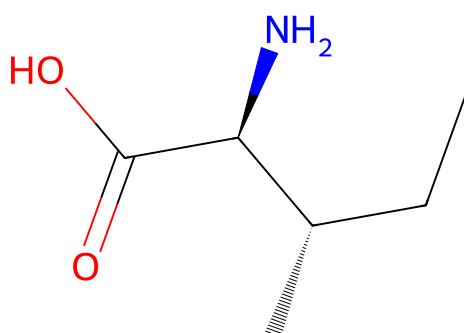

Stereochemically defined compounds, part 4

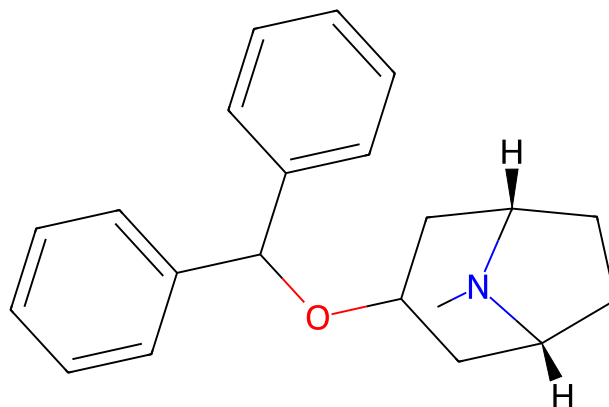

109 aztreonam

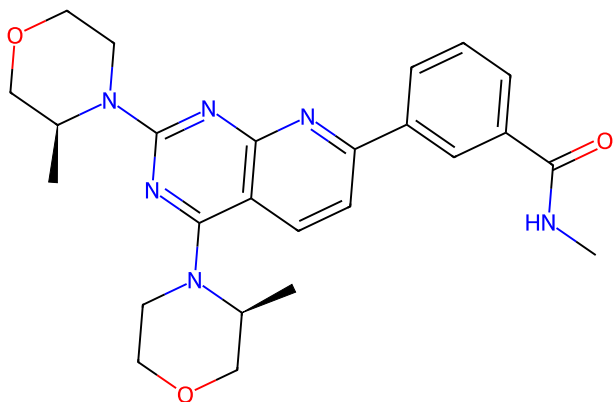

110 atorvastatin

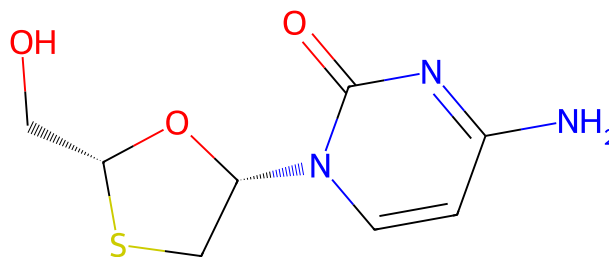

111 isoleucine

112 benztropine

113 azd2014

114 lamivudine
